

THE PREMIER TRUST

Special Fee Basis for a single investment SIPP using Quilter Cheviot

Introduction

DP Pensions Ltd has teamed up with **Quilter Cheviot** to offer SIPP investors a low cost vehicle which can be used to access **Quilter Cheviot's** investment services.

The deal uses the Premier Trust, which is a full SIPP operated by DP Pensions Ltd. This means that it offers the maximum control and flexibility over contributions and transfers from other registered pension schemes; over investments; and over benefits.

There are basic fees which cover the main work involved in setting up and operating the SIPP. There are also additional fees for the items of extra work that may apply. The fees are set out below.

Clients benefit from a reduced fee basis where they invest their whole SIPP fund with Quilter Cheviot. If they decide to make other investments, then our 'normal' Premier Trust fees will apply.

Notes on your Plan Bank Account

When you open a Premier Trust SIPP, we will normally open a Plan Bank Account which will receive all payments into your SIPP and pay out all benefits. Please note that all cash will be held in your Plan Bank Account until invested in accordance with your instructions. The rate of interest you will earn on money held within the SIPP bank account is variable.

Please note that DP Pensions Ltd receives payments from banks based on the aggregate cash balances held across all SIPP Bank Accounts. The amount that we receive is not fixed and will vary depending on the total cash balances held and on interest rates. We retain the additional amount to keep our administration charges competitive.

Details regarding the rate of interest you earn on your SIPP bank account and the rate of interest we retain can be found on our website <https://www.dapco.co.uk/>

Fee Scenarios

To help you understand our SIPP fees, we have set out below two different scenarios and detailed which of our fees would apply in each case. Please note that our fees are subject to VAT in addition.

Scenario One Setting up a SIPP investing solely with Quilter Cheviot

Your adviser recommends that you set up a Premier Trust SIPP and transfer in your existing pension funds worth £250,000 and pay regular contributions. The SIPP is set up and the Plan bank account is opened to receive the funds. You then invest your funds solely with Quilter Cheviot. The fees are shown to the right.

In addition to our fees, your financial adviser and the investment manager will also charge fees for the work that they do. You will agree these fees with them at the outset.

At outset:	
Set up Fee paid by your SIPP	£0
Annual Fee	£215
Total:	£215

Ongoing costs from first Anniversary:	
Annual Fee	£215pa

Scenario Two Taking benefits from your SIPP

After a few years you decide to draw your benefits from your SIPP. You decide to take a tax free lump sum of 25% of the value of the fund and draw an income from the remainder of the fund through capped drawdown. The fees are shown to the right:

NB if you just take your lump sum and no income there will be no pension payment fee.

Taking your benefits:	
Calculation of your benefits	£Nil
Crystallisation of your benefits	£130
Payment of pension through drawdown	£130
Total all paid by your SIPP:	£260

Ongoing costs from first Anniversary:	
Annual Fee	£215pa
Payment of pension through drawdown	£130pa
Total:	£345pa

All fees are subject to VAT. Fees may increase and the amounts shown above are examples.
