The Premier Trust SI SIPP – Fee Schedule

Notes on your Plan Bank Account

When you open a Premier Trust SI SIPP, we will normally open a Plan Bank Account which will receive all payments into your SIPP and pay out all benefits. Please note that all cash will be held in your Plan Bank Account until invested in accordance with your instructions. The rate of interest you will earn on money held within the SIPP bank account is variable.

Please note that DP Pensions Ltd receives payments from banks based on the aggregate cash balances held across all SIPP Bank Accounts. The amount that we receive is not fixed and will vary depending on the total cash balances held and on interest rates. We retain the additional amount to keep our administration charges competitive.

Details regarding the rate of interest you earn on your SIPP bank account and the rate of interest we retain can be found on our website <https://www.dapco.co.uk/>

Fee Scenarios

To help you understand our SIPP fees, we have set out below two different scenarios and detailed which of our fees would apply in each case. Please note that our fees are subject to VAT in addition.

Scenario One Setting up a SIPP with your chosen investment manager

Your advisor recommends that you set up a Premier Trust SI SIPP and transfer in your existing pension funds and pay regular contributions. The SIPP is set up and the SIPP bank account is opened. The advisor along with you has agreed an investment strategy that invests funds with a fund manager from our panel. The fees that will be deducted from your SIPP bank account are shown to the right:

In addition to our fees, your financial adviser and the investment manager will also charge fees for the work that they do. You will agree these fees with them at the outset.

At outset:	
Set up Fee	£0
Transfer In	£0
Contribution	£0
Investment with your investment manager	£0
Annual Fee	£215
Total:	£215

Ongoing costs from first Anniversary:	
Annual Fee	£215pa

Scenario Two Taking benefits from your SIPP

After a few years you decide to draw your benefits from your SIPP. You can take a tax free lump sum of 25% of the value of the fund and draw an income from the remainder of the fund through flexi access drawdown. The fees we deduct from your SIPP bank account will be as follows:

NB if you just take your lump sum and no income there will be no pension payment fee.

Taking your benefits:	
Calculation of your benefits	£Nil
Crystallisation of your benefits	£130
Payment of pension through drawdown	£130
Total:	£260

Ongoing costs from first Anniversary:	
Annual Fee	£215pa
Payment of pension	£130pa
Total:	£345pa

All fees are subject to VAT. Fees may increase and the amounts shown above are examples.
